TROUT FISHING IN AMERICA

Trout Fishing in America is the long-standing and yet seemingly unlikely musical partnership of **Keith Grimwood** and **Ezra Idlet**. As individuals, they are about as different as one can imagine. Together, they blend seamlessly in a way that has captured the imagination (*and hearts*) of audiences of all ages for over three decades. A willingness to at once make fun of our most annoying daily habits, then to touch our hearts with tender and passionate images of family life, is what makes the connection between **Trout Fishing in America** and its audiences so compelling and poignant.

Where Does Music Come From?

A Study Guide for the Music of Trout Fishing in America

These materials are designed to prepare students for a school visit from **TFIA**, to follow up a concert, or to focus a standards-based classroom study of the music. The guide answers the question, "**Where does music come from?**" in a number of different ways, for grade levels K through Middle School. You'll find hands-on activities and reproducibles which can be used individually or as a complete unit to meet curriculum needs.
